Landform Analysis, vol. 5, 2007 - Published by the Association of Polish Geomorphologists

Landform Analysis (vol. 5, 2007) is dedicated for the IAG/AIG (International Association of Geomorphologists) Regional Conference on Geomorphology **Geodiversity of polar landforms** which was held in Longyearbyen (Spitsbergen, Norway) on August 1-5, 2007. Conference was organised on the occasion of the International Polar Year 2007/2008 by the Association of Polish Geomorphologists.
