Welcome to Abisko Mountain Station

The Nordic mountains are wild, magnificent, quiet and beautiful. There are few places where you come as close to this world as in Abisko and the surrounding nature inspires us in everything we do.

The words that best describe us are harmony and adventures. We give our guests a unique place in which to meet and find new perspectives. We offer a harmony between meeting and activities, between body and soul and we offer adventures in the surrounding mountains.

Revised 2007-04-24
