

Submarine Geomorphology Working Group

WG Chairs:

Aaron Micallef, University of Malta – aaron.micallef@um.edu.mt

Sebastian Krastel, Christian-Albrechts-Universität zu Kiel - sebastian.krastel@ifg.uni-kiel.de

Activities in 2019:

- Organised session on “Submarine geomorphology” at EGU Annual meeting in Vienna, Austria, where we had 12 oral presentations and 23 poster presentations - <https://meetingorganizer.copernicus.org/EGU2019/sessionprogramme/GM>
- Organised session on “Submarine geomorphology and sub-seafloor seismic geomorphology for palaeoenvironmental reconstruction” at AGU Fall meeting in San Francisco, USA, where we had 7 oral presentations and 17 poster presentations - <https://agu.confex.com/agu/fm19/meetingapp.cgi/Session/91323>
- Organised a training course for 11 students on “Mapping technologies for coral reef environments” at the MaRHE centre in the Maldives between the 10th and 19th March 2019.

- Increased our Facebook audience to 556 members and LinkedIn audience to 244

Forthcoming activities:

- Session on “Submarine geomorphology, and advances in seabed mapping and classification” at EGU Annual meeting in Vienna, Austria (May 2020)
