

Online One day Workshop
“Women in Geomorphology: a Mediterranean perspective”

Hellenic Committee for Geomorphology and Environment of the
Geological Society of Greece

Under the auspices of the International Association of Geomorphologists (IAG)

PROGRAMME

Inspired by Women's Day and Geomorphology Week

March 8, 2021

Online One day Workshop
"Women in Geomorphology: a
Mediterranean perspective"

Online One day Workshop
"Women in Geomorphology: a Mediterranean perspective"

Hellenic Committee for Geomorphology and Environment of the
Geological Society of Greece

Under the auspices of the International Association of Geomorphologists (IAG)

Organizing and Scientific Committee

Hellenic Committee for Geomorphology and Environment of the Geological Society of Greece

Niki Evelpidou, Faculty of Geology and Geoenvironment, National and Kapodistrian University of Athens

Kaliopi Gaki-Papanastasiou, Faculty of Geology and Geoenvironment, National and Kapodistrian University of Athens

Monique Fort, Department of Geography-GHES, University of Paris

Gaia Mattei, Department of Science and Technology, University of Naples Parthenope

Angela Rizzo, Department of Earth and Geoenvironmental sciences, University of Bari Aldo Moro

Vittoria Scorpio, Institute for Earth Observation, Eurac Research

Lea Wittenberg, Department of Geography and Environmental Studies, University of Haifa

Nurit Shtober-Zisu, Department of Israel Studies, University of Haifa

Online One day Workshop
"Women in Geomorphology: a
Mediterranean perspective"

Programme

Monday 8 March 2021, 09:00 am UTC

We welcome all male and female geomorphologists to join us in this event!

09:00-09:20

Welcome speeches

Prof. Assimina Antonarakou (Vice President of the Geological Society of Greece, National and Kapodistrian University of Athens)

Prof. Mauro Soldati (President of the International Association of Geomorphologists - Dipartimento di Scienze Chimiche e Geologiche, Università degli Studi di Modena e Reggio Emilia)

Prof. Efthimios Karymbalis (President of the Hellenic Committee for Geomorphology and Environment of the Geological Society of Greece – Harokopio University of Athens)

Prof. Niki Evelpidou (Secretary of the Hellenic Committee for Geomorphology and Environment of the Geological Society of Greece –National and Kapodistrian University of Athens)

Invited Speakers

09:20-09:40

Anna Karkani

National and Kapodistrian University of Athens, Greece

Tracking coastal evolution through coastal landforms: long-term vs short term changes. Examples from Greece.

09:45-10:05

Claudia Caporizzo

University of Naples Parthenope, Italy

Reconstructing Roman landscapes in the underwater sector of Campi Flegrei volcanic area: a multi-survey approach

10:10-10:30

Samah Moustafa

Suez Canal University, Egypt

Geo-archeology of Phoenicus (Greek harbour), NW coast of Egypt

Online One day Workshop
"Women in Geomorphology: a
Mediterranean perspective"

10:35-10:55

Ivona Ivkić

Croatian Geological Survey

Karst poljes as natural archives of Quaternary environmental change: studies from the Dinarides.

11:00-11:20

Sofia Pechlivanidou

University of Bergen, Norway

High resolution records of interacting tectonics, climate and sedimentation from the Corinth Rift, Greece

11:25-11:40

Break

11:40-12:00

Julie Auerbach

EMODnet Secretariat, Belgium

Mediterranean Geomorphology in the Southern Mediterranean, an EMODnet overview

12:05-12:25

Katerina Giannikopoulou

National and Kapodistrian University of Athens, Greece

Case Studies on Coastal and Marine Geomorphology

12:30-12:50

Rosa Molina

University of Cadiz, Spain

Coastal characterization and evolution at a regional scale: the case of Mediterranean Andalusia (Spain)

12:55-13:15

Ritienne Gauci

University of Malta, Malta

The connecting role of island geomorphology research: perspectives and experiences from the Maltese Islands

13:20-13:40

Pauline Letortu

European University Marine Institute, France

Contribution of oblique satellite imagery to monitor and understand coastal cliff erosion in France and Greece

13:45-14:05

Estela Nadal-Romero

Instituto Pirenaico de Ecología, Spain

What is the fate of Mediterranean badlands under a context of Global Change?

Online One day Workshop
"Women in Geomorphology: a
Mediterranean perspective"

14:10-14:30

Manon Besset

i-Sea, France

Towards a combined global, comparative, multicriteria, and multidisciplinary approach to better assess the vulnerability of Mediterranean deltas

14:30-15:10

Break

15:10-15:30

Revital Bookman

University of Haifa, Israel

Geomorphic evidence for the climatic effect of large volcanic eruptions in the Dead Sea Basin

15:35-15:55

Clàudia Abancó

University of Barcelona, Spain

Monitoring debris flows in the Pyrenees

16:00-16:20

Nurit Shtober-Zisu, Lea Wittenberg

University of Haifa, Israel

Long-term effects of wildfire on rock weathering and soil stoniness in the Mediterranean landscapes

16:25-16:45

Nejan Huvaj

Middle East Technical University, Turkey

Rainfall-triggered landslides in Northeastern Turkey

16:50-17:10

Enas Farghaly

Ain Shams University, Egypt

Dynamic interactions between Biodiversity and Geomorphology from Hurgada to Quseir, Red Sea Coast, Egypt

17:15-17:20

Conclusions (Angela Rizzo)

17:20-18:20

Round table

Moderator: **Mauro Soldati**

Topics to be addressed:

- **Ways to strengthen geomorphology**
- **The future of geomorphology**
- **The role of women in Mediterranean geomorphology**
- **The importance of communicating and sharing our scientific results using social media**

Online One day Workshop
"Women in Geomorphology: a
Mediterranean perspective"

- **New methodologies and approaches in geomorphology (innovative technologies, multidisciplinary approaches etc.)**
