

International Association of Geomorphologists IAG

CALL for IAG GRANTS for the BSG Post-Graduate Training Workshop Windsor, UK, 6-9th December 2021

The International Association of Geomorphologists (IAG) offers **2 grants of 300 (three-hundred) Euros** to PhD STUDENTS in GEOMORHOLOGY from EUROPE (except UK) who are willing to take part in the *BSG Post-Graduate Training Workshop* (Windsor, UK, 6-9th December 2021). PhD students at an early stage of their PhD programme are encouraged to apply. The Workshop is organised by the British Society for Geomorphology (BSG) and recognised by the International Association of Geomorphologists (IAG). The course will provide PhD students with elements of training for research and with an opportunity to meet others at an early stage of their training when they were wrestling with the problems of research design etc. The workshop has been running at the fantastic Cumberland Lodge in Windsor Great Park for over 30 years – many notable researchers and academics have been and benefited from this course! The content is non-technical, but provides training in project management, group work, dealing with large data sets, fieldwork, lab and numerical modelling, gaining funding as well as publication and future career development. Students will also meet a wide variety of academics and facilitators who are practicing researchers as well as the BSG postgrad representatives on the Executive. The BSG chair normally gives an entertaining evening talk.
