Past activities:

- WG DENUCHANGE virtual business and planning meeting was organized on May 18, 2022. In total 19 participants from 10 different countries participated in the meeting. During the meeting ongoing and future activities of the Working Group were discussed. A detailed report can be found at http://www.geomorph.org/denuchange-working-group-4/.
- WG DENUCHANGE virtual business and planning meeting was organized on June 29, 2022. In total 15 participants from 11 different countries participated in the meeting. During the meeting ongoing and future activities of the Working Group were discussed. A detailed report can be found at http://www.geomorph.org/denuchange-working-group-4/.
- DENUCHANGE session section was organized as part of the Thematic Session 5 on Forms, Processes and Landscape Change during the IAG International Conference on Geomorphology in Coimbra, Portugal, 12-16 September 2022 (https://meetingorganizer.copernicus.org/ICG2022/sessionprogramme#). Conveners: Achim A. Beylich, Luca Mao, Osmar Carvalho, Roberto Verdum, Adélia Nunes. WG DENUCHANGE business meeting took place during the conference.
- A special issue of the Geomorphology journal (Elsevier) Denudation under changing environment at different spatial and temporal scales was opened in Autumn 2022 (https://www.sciencedirect.com/journal/geomorphology/about/call-for-papers#denudation-under-changing-environment-at-different-spatial-and-temporal-scales). This special issue is dedicated to DENUCHANGE members and invited colleagues.
WG DENUCHANGE virtual business and planning meeting was organized on January 18, 2023. In total 17 participants from 11 different countries participated in the meeting. During the meeting ongoing and future activities of the Working Group were discussed. A detailed report can be found at http://www.geomorph.org/denuchange-working-group-4/.

Forthcoming activities:

- A special issue of the Geomorphology journal (Elsevier) dedicated to DENUCHANGE members and invited colleagues will be closed on May 31, 2023.
- WG DENUCHANGE submitted a thematic session entitled Denudation and Environmental Changes in Different Morphoclimatic Zones to the 2023 IAG Regional Conference which will be held at Capadocia, Turkey, on September 12-14, 2023.
- The publication of the book with the participation of the DENUCHANGE members is planned. The book is entitled Climate and Anthropogenic Impacts on Earth Surface Processes in the Anthropocene and will be edited by Beylich, Tarrio, Li, Oliva, and Morellon. In Autumn 2023 the call for book chapters will be closed.
- 4th IAG DENUCHANGE Workshop is planned for 2024 in Italy.
